Bio

Digital and product leader, with experience across legal, financial services and energy industry. Excited by how much more there is to learn, and to build!

What was your first job?

Business analyst at BNP Paribas in Greece, part of a summer internship.

What was your best job?

Building Strala, an innovative bp B2C product / app integrating renewable home energy, electric vehicles and community-based experiences.

What attracted you to mentoring?

Learning, meeting people full of excitement, new ideas and courage – and I think mentoring is just about learning as it is about helping others learn.

How do you see the future of start-up's in Greece?

Bright! As long as we think big and execute lean, there's nothing Greek companies can't accomplish. Modern digital technology lowers the barrier to entry to most sectors, the rest is up to us and hard work.

What would you fill an empty pool with?

...water?
